RE: Town Field Art Project

Dear Evelyn,

I am writing today on behalf of the Fields Corner Civic Association. On Tuesday, January 6th you presented to the civic association the "Freedom Home" public art sculpture rendering created by artist Juanjo Novella to be fabricated and placed in the plaza on Town Field in Fields Corner.

A MOTION was approved to support the project with the following suggested modifications to the proposed project:

- That the word "FREEDOM" in English be displayed directly above the door opening where people can visibly see it while walking through the opening in the artwork

and

- That the artwork color be a neutral color such as white (a blank canvas) that can pick up various colors projected onto the artwork via lighting.

I look forward to working with you and the staff at Viet-Aid on the next phase of this project and if I can be of further assistance, please do not hesitate to contact me.

Regards,

Ed Geary, Jr.
President.
